

## Asian County Profile™

The **Asian County Profile™** is now available for **\$250** and includes the following economic and demographic information for Asians residing in the selected state for all counties in that state.

- 2015 Population of Asians
- Specific Asian origin (Asian Indian, Chinese, Korean, Vietnamese, etc.)
- Asian growth rate from 2000-2010
- Number of foreign-born Asians
- Number of Asian males and females
- Asian per capita income (average earnings per person)
- Asian household median income (average household income)
- Asian aggregate household income (sum of earnings for all household members – crude measure of buying power)
- Asian tenure (owners vs. renters)
- Asian English-language proficiency (number who speak English very well or well)
- Asian college graduates (percent 25 years or older with Bachelor's degree or higher)

The information is provided in an Excel file format.

Note: The data elements are provided for Asians as a group since the Census Bureau does not provide this information by specific Asian subgroups. For example, household median income is provided for Asians, but not for Chinese persons.
